

*“We never gave up. Having a plan enabled us to keep our hope alive. Perhaps in similar fashion, people who are in their own personal crisis – a pink slip, a foreclosure – can be reminded that no matter how dire the circumstances, or how little time you have to deal with it, further action is always possible. There’s always a way out of even the tightest spot. You can survive.”*

Captain Chesley B. “Sully”  
Sullenberg
